CONDITIONAL SALE AGREEMENT

CONDITIONAL SALE AGREEMENT dated as of October 1, 1979 between Transportation Products Company, an Illinois corporation (hereinafter called "TPC") (the foregoing company being hereinafter called the "Manufacturer") and BURLINGTON NORTHERN INC. (hereinafter called the "Railroad").

WHEREAS, the Manufacturer is willing to sell and deliver to the Railroad, and the Railroad is willing to purchase, the railroad equipment as described in Schedules A and B attached hereto (hereinafter collectively called the "Equipment" or "Items" and individually called the "Item of Equipment" or the "Item"); and

WHEREAS, the Manufacturer and the Railroad have agreed that this Agreement shall exclusively and completely state the rights of the Manufacturer and the Railroad with respect to the Equipment and shall supersede all other agreements, oral or written, with respect to the Equipment; and

WHEREAS, it is proposed that FMC Corporation, General Electric Company and Difco, Inc. enter into a Conditional Sale Agreement dated as of the date hereof (such Conditional Sale Agreement, when and if signed, being hereinafter called the "Other Agreement") with the Railroad covering railroad equipment as described in the Schedules attached thereto;

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements hereinafter set forth, the parties hereto agree as follows:

SECTION 1. CONSTRUCTION AND SALE.

The Manufacturer will sell and deliver to the Railroad, and the Railroad will purchase from the Manufacturer and accept delivery of and pay for as hereinafter provided, those Items of Equipment which are indicated on Schedules A and B attached hereto to be sold by the Manufacturer, each Item of which shall be constructed in accordance with the applicable specifications referred to in said Schedules A and B with such modifications thereof as may be agreed upon in writing by the Railroad and the Manufacturer (which specifications and modifications, if any, are hereinafter called the "Specifications"). The design and quality of equipment and material used in the manufacture of such Items shall conform to all Department of Transportation and Interstate Commerce Commission requirements and specifications, if applicable, for new equipment in effect on the date such Items are delivered hereunder, and to all Rules of the Association of American Railroads, applicable to new railroad equipment of the character of such Items as of the date of this Agreement.

SECTION 2. DELIVERY.

2.1. The Manufacturer will deliver the various Items of Equipment to be sold by it to the Railroad in accordance with the delivery schedule set forth in Schedules A and B attached hereto; provided, however, that the Manufacturer shall have no obligation to deliver any Item of Equipment hereunder if an Event of Default, or any event which with the lapse of time or the giving of notice, or both, would constitute an Event of Default, has occurred and is continuing.

2.2. The Manufacturer's obligation as to time of delivery is subject, however, to delays resulting from causes beyond the Manufacturer's reasonable control, including, but not limited to, acts of God, acts of government such as embargoes, priorities and allocations, war or war conditions, riots or civil commotion, sabotage, strikes, differences with workmen, accidents, fire, flood, explosion, damage to plant, equipment or facilities, or delays in receiving necessary materials.

2.3. Notwithstanding the foregoing provisions, any Item of Equipment not delivered and accepted on or before the outside delivery date provided therefor in Schedules A and B hereto, shall be excluded from this Agreement and not included in the term "Equipment" as used in this Agreement. In the event of any such exclusion the Manufacturer shall remain obligated to sell and deliver to the Railroad, and the Railroad shall remain obligated to purchase from the Manufacturer, accept delivery of and pay for, any such Item of Equipment thus excluded from this Agreement, and the Railroad and the Manufacturer shall execute an agreement supplemental hereto limiting this Agreement to the Equipment not excluded herefrom, and the Manufacturer and the Railroad shall further execute a separate agreement providing for the sale of such excluded Equipment by the Manufacturer to the Railroad upon the same terms and conditions as those contained herein, modified only to the extent necessary to provide for payment in cash upon delivery of the Equipment either directly or indirectly by means of a conditional sale agreement, equipment trust or other appropriate method of financing as the Railroad may determine and as may be reasonably satisfactory to the Manufacturer.

2.4. The Equipment during construction shall be subject to inspection by one or more inspectors or other authorized representatives of the Railroad. Upon completion of each Item of Equipment, it shall be presented to such inspectors or representatives for inspection at the place designated herein for delivery of such Item of Equipment, and, if such Item of Equipment conforms to the Specifications applicable thereto, such inspectors or representatives shall execute and deliver to the Manufacturer a certificate or certificates of acceptance (hereinafter called the "Certificate of Acceptance") stating that such Item of Equipment has been inspected and is accepted by them on behalf of the Railroad and is marked in accordance with Section 5.1 hereof. Any Certificate of Acceptance may cover any number of Items of Equipment. Such Certificate of Acceptance shall be conclusive evidence that the Items of Equipment covered thereby have been delivered to the Railroad and conform to the Specifications and are acceptable to the Railroad in all details.

2.5. The Manufacturer shall bear the risk of loss of each Item of Equipment or damage thereto until delivery (at such place as specified in the Manufacturer's Schedule

attached hereto) to and acceptance by the Railroad. Upon such delivery to and acceptance by the Railroad of each such Item of Equipment the Railroad shall bear the risk of loss of or damage to such Item.

SECTION 3. PURCHASE PRICE AND PAYMENT .

3.1. The base price per Item of Equipment, including freight charges, if any, to place of destination but exclusive of interest and all other charges, is as set forth in Schedules A and B attached hereto. The base price per Item of Equipment shall be subject to increase or decrease as may be agreed to in writing by the Manufacturer and the Railroad, and the term "Purchase Price" as used herein shall mean the base price as so increased or decreased.

3.2. For the purpose of making settlement for the Equipment, the Equipment hereunder and under the Other Agreement shall be divided into not more than 20 groups of Items of Equipment, or such other number as shall be agreed to by the parties hereto (each such group of Items being hereinafter called a "Group").

3.3. The Railroad hereby acknowledges itself to be indebted to the Manufacturer in the amount of, and hereby promises to pay to the Manufacturer at such bank or trust company in the United States as the Manufacturer or its assignee shall designate for payment to it in funds immediately available at such place of payment, the Purchase Price of the Equipment (hereinafter sometimes referred to as the "Conditional Sale Indebtedness") in installments as follows:

(a) On April 1, 1980 and on each April 1 and October 1 thereafter, an installment of interest accrued on the unpaid portion of the Conditional Sale Indebtedness from time to time outstanding until the same shall have become due and payable, at a rate per annum (i) from January 1, 1980 through September 30, 1983 equal to the Prime Rate (as defined below), (ii) from October 1, 1983 through September 30, 1986 equal to 103% of said Prime Rate and (iii) from October 1, 1986 through

September 30, 1988 equal to 106% of said Prime Rate;

(b) On October 1, 1983 and on each October 1 thereafter to and including October 1, 1987, in addition to the installment of interest then payable, an installment equal to \$200,000; provided, however, that in no event shall an installment made under this subsection (b) be in excess of the entire principal balance remaining unpaid as of the date of such installment; and

(c) On October 1, 1988, in addition to the installment of interest then payable, an installment equal to the entire principal balance, if any, remaining unpaid as of said date.

As used herein the term "Prime Rate" shall mean the prime commercial lending rate per annum announced by The Chase Manhattan Bank (National Association) at its principal office in New York City from time to time, each change in such announced rate to be effective for purposes of this Agreement on the day on which such change is effective.

3.4. The term "Closing Date" with respect to each Group shall mean such date not later than December 31, 1980 which is not more than twenty business days following presentation, by the Manufacturer of the Items of Equipment included in such Group, to the Railroad of the invoice, or invoices, and the Certificate or Certificates of Acceptance with respect to such Group, as shall be fixed by the Railroad by written or telegraphic notice delivered to the Manufacturer and any assignee thereof at least five business days prior to the Closing Date designated therein.

3.5. The term "business days" as used herein means calendar days, excluding Saturdays, Sundays and holidays on which banks in the State of New York are authorized or required to close. If any date on which a payment is to be made hereunder is not a business day, the amount otherwise payable on such date shall be payable on the next succeeding business day, and no interest on such amount shall accrue for the period from and after the nominal date for payment thereof to such next succeeding business day.

3.6. Interest under this Agreement shall be determined on a basis of a year of 365 or 366 days, as the case may be, for the actual number of days (including the first day but excluding the last day) elapsed.

3.7. The Railroad will pay interest, payable on demand, on all unpaid balances of indebtedness, after the same shall have become due and payable pursuant to the terms hereof (whether at stated maturity, by acceleration or otherwise), at a rate per annum equal at all times to one percent per annum above (i) the Prime Rate from January 1, 1980 through September 30, 1983, (ii) 103% of the Prime Rate from October 1, 1983 through September 30, 1986 and (iii) 106% of the Prime Rate from October 1, 1986 through September 30, 1988 and thereafter, provided, however, that the parties hereto may specify a different interest rate to be applicable to any refinancing hereunder.

3.8. All payments provided for in this Agreement shall be made by the Railroad in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts by 1 p.m. New York City time on the day any such payments are due.

3.9. The Railroad may, upon at least five business days' notice to the Manufacturer, prepay the Conditional Sale Indebtedness in whole or in part with accrued interest to the date of such prepayment on the amount prepaid, provided that each partial prepayment shall be in an amount (exclusive of interest) equal to \$100,000 or an integral multiple thereof and shall be applied to the installments in the inverse order of their maturities.

3.10. If this Agreement shall be assigned as contemplated by Section 14.4, the Railroad agrees to pay to the Agent a commitment fee at the rate of 1/2 of 1% per annum on the unused portion of the aggregate \$75,589,000 commitment arranged by the Agent to finance the purchase of the Equipment hereunder and under the Other Agreement, computed from November 15, 1979 to the later of the final Closing Date hereunder or the final Closing Date under the Other Agreement (hereinafter called the "Ultimate Closing Date"), payable on April 1, 1980, October 1, 1980 and on the Ultimate Closing Date. The Railroad agrees to pay the Agent a commitment fee at the rate of 1/2 of 1% per annum upon the

additional \$1,000,000 over and above said \$75,589,000 commitment computed from the date of the Railroad's notice to the Agent that such additional amount shall be required to the Closing Date upon which such amount is drawn down and payable at such Closing Date.

SECTION 4. TITLE TO THE EQUIPMENT.

4.1. The Manufacturer shall and hereby does retain the full legal title to and property in the Equipment built by it until the Railroad shall have made all of the payments hereunder and shall have kept and performed all its agreements herein contained, notwithstanding the delivery of the Equipment to and the possession and use thereof by the Railroad as herein provided. Any and all additions to the Equipment and any and all replacements of the Equipment and of parts thereof and additions thereto shall constitute accessions to the Equipment and shall be subject to all terms and conditions of this Agreement and included in the term "Equipment" as used in this Agreement.

4.2. When and only when the Manufacturer shall have been paid in full the aggregate amount of the Conditional Sale Indebtedness, together with interest thereon and all other payments as herein provided, and all the Railroad's other obligations herein contained shall have been performed, absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Railroad without further transfer or action on the part of the Manufacturer except that the Manufacturer, if requested by the Railroad so to do, will execute a bill or bills of sale of the equipment transferring the Manufacturer's title thereto and property therein to the Railroad or upon its order free of all liens and encumbrances created or retained hereby and deliver such bill or bills of sale to the Railroad at its address specified in Section 21 hereof, and will execute in the same manner and deliver at the same place, for filing, registering, recording or depositing in all necessary public offices, such instrument or instruments in writing as may be necessary or appropriate in order then to make clear upon the public records the title of the Railroad to the equipment, and will pay to the Railroad any money paid to the Manufacturer pursuant to Section 6 hereof and not theretofore applied as therein provided. The Railroad

hereby waives and releases any and all rights, existing or that may be acquired, in or to the payment of any penalty, forfeit or damages for failure to execute and deliver such bill or bills of sale or to file any certificate of payment in compliance with any law or statute requiring the filing of the same, except for failure to execute and deliver such bill or bills of sale or to file such certificate within a reasonable time after written demand by the Railroad.

SECTION 5. MARKING OF EQUIPMENT.

5.1. The Railroad will cause each Item of Equipment to be kept numbered with its road number, if applicable, as set forth in Schedules A and B hereto and will keep and maintain, plainly, distinctly, permanently and conspicuously marked by a plate or stencil printed in contrasting color upon both sides of each Item of Equipment in letters not less than one inch in height, the words "Unit Subject to Security Interest of the Agent Bank under Conditional Sale Agreement Recorded with the I.C.C.", with appropriate changes thereof and additions thereto as from time to time may be required by law in order to protect the title of the Manufacturer to such Item of Equipment, its rights under this Agreement and the rights of any assignee under Section 14 hereof. The Railroad will not place any such Item of Equipment in operation or exercise any control or dominion over the same until the required legend shall have been so marked on both sides thereof and will replace promptly any such names and word or words which may be removed, defaced, obliterated or destroyed. The Railroad will not change the road number of any Item of Equipment except with the consent of the Manufacturer and any assignee pursuant to Section 14 hereof and in accordance with a statement of new road numbers to be substituted therefor, which consent and statement previously shall have been filed, recorded or deposited in all public offices where this Agreement shall have been filed, recorded or deposited.

5.2. Except as above provided, the Railroad will not allow the name of any person, association or corporation to be placed on the Equipment as a designation that might be interpreted as a claim of ownership; provided, however, that the Railroad may cause the Equipment to be lettered with the names or initials or other insignia customarily used by the Railroad or its affiliates on railroad equipment used by it

of the same or a similar type for convenience of identification of the right of the Railroad to use the Equipment under this Agreement.

SECTION 6. CASUALTY OCCURRENCES.

6.1. In the event that any Item of Equipment shall be or become lost, stolen, destroyed, or irreparably damaged, or shall be requisitioned or taken over by any governmental authority under the power of eminent domain or otherwise or rendered permanently unfit for use from any cause whatsoever (each such occurrence, except for any requisition which by its terms is indefinite or does not exceed the original term of this Agreement, being hereinafter called a "Casualty Occurrence"), prior to the payment of the indebtedness in respect of the Purchase Price of such Item, together with interest thereon and all other payments required hereby, the Railroad shall, within 30 days after a responsible officer of the Railroad shall have received notice that such Item of Equipment has suffered a Casualty Occurrence, but in no event later than 180 days after such Item of Equipment has suffered a Casualty Occurrence, fully inform the Manufacturer in regard thereto. Whenever from time to time the total Depreciated Value (as defined in Section 6.3, of Items of Equipment hereunder and under the Other Agreement which have suffered a Casualty Occurrence (exclusive of Items of Equipment having suffered a Casualty Occurrence with respect to which payments or replacements shall have been made to the Manufacturers pursuant to this Section 6 or Section 6 of the Other Agreement) shall exceed \$500,000 (or such lesser amount as the Railroad shall elect), the Railroad shall, within 30 days of such event, pay the Manufacturer and the Manufacturers under the Other Agreement a sum equal to the aggregate Depreciated Value, as of such date of payment, of such Items of Equipment under this Agreement and under the Other Agreement; provided, however, that if prior to the date such payment is required to be made the Railroad, at its election, shall have transferred, in accordance with Section 6.6, to the Manufacturer hereunder or the Manufacturers under the Other Agreement, title to a replacement Item or Items of Equipment meeting the requirements of clause (iii) of Section 6.2, then, in such case, there shall be deducted from the amount of such payment an amount equal to the aggregate Depreciated Value,

as of such date of payment, of all such replacement Items of Equipment. The Railroad shall file with the Manufacturer a certificate of a Vice President or the Comptroller or other Chief Accounting Officer of the Railroad setting forth the Depreciated Value, as of such date of payment, of each Item of Equipment suffering a Casualty Occurrence.

6.2. Any money paid to the Manufacturer pursuant to Section 6.1 hereof shall, so long as no Event of Default shall have occurred and be continuing, be applied, in whole or in part, as the Railroad shall direct in a written instrument filed with the Manufacturer, either (i) to prepay indebtedness in respect of the Purchase Price of the Equipment hereunder or under the Other Agreement, (ii) to or toward the cost of an Item or Items of Equipment of new standard gauge (if applicable) railroad equipment excluding passenger equipment to replace such Item of Equipment having suffered a Casualty Occurrence and which new Item or Items of Equipment shall be of a quality and have a value and utility at least equal to such Item of Equipment having suffered a Casualty Occurrence or (iii) to be released to the Railroad against transfer, in accordance with Section 6.6, to the Manufacturer of title to an Item or Items of used standard gauge (if applicable) railroad equipment which shall be free of all liens and charges except as permitted by Section 10 and shall be of the same character as the Equipment described in Schedules A and B hereto (or of such other character as may be acceptable to the Manufacturer) to replace such Item or Items of Equipment having suffered a Casualty Occurrence. In case any such money shall be applied to prepay indebtedness, it shall be so applied, on such date as the Railroad shall specify in such written direction, to prepay without penalty or premium the unpaid balance of the principal installments of the Purchase Price of the Equipment hereunder and under the Other Agreement thereafter falling due in the inverse order of the maturity of such installments and ratably as between such installments due hereunder and under the Other Agreement. In case of replacement pursuant to clause (ii) of the first sentence of this Section 6.2, the amount to be paid by the Manufacturer in respect of any replacing Item shall not exceed the lesser of the cost of such Item or the amount which such Item would have cost if acquired on the earliest date when any of such money was paid to the Manufacturer, and the Railroad shall pay any additional cost of such Item. Under no circumstance shall the Manufacturer be required

under this Section 6.2 to make prepayments or to pay for replacements except out of funds paid to the Manufacturer pursuant to Section 6.1 hereof. In the case of any replacement pursuant to clause (ii) of the first sentence of this Section 6.2, the Purchase Price of such replacing Item shall for the purpose of this Agreement be the amount of money advanced by the Manufacturer in payment therefor, but shall not include any portion of the cost thereof paid by the Railroad. The amount which any such replacing Item would have cost if acquired on the earliest date when any of such money was paid to the Manufacturer shall be conclusively determined by the certificate of a Vice President or the Comptroller or other Chief Accounting Officer of the Railroad to be filed as hereinafter provided. In the case of each release of money to the Railroad pursuant to clause (iii) of the first sentence of this Section 6.2, the amount of money so released shall be equal to the Depreciated Value, as of the date such money was paid to the Manufacturer pursuant to Section 6.1, of the used replacement Item or Items transferred to the Manufacturer pursuant to said clause (iii), as the amount of such Depreciated Value shall be certified to by the Railroad in connection with such release as provided in Section 6.6.

6.3. The "Depreciated Value" as of any date of determination of any original or replacement Item of Equipment shall mean the purchase price paid for such Item when new depreciated to such date of determination on a straight line basis from the date such Item was originally delivered by the manufacturer thereof to a residual value of zero, computed at the rate of 6.667% of such purchase price per year pro rated on a daily basis. For the purpose of computing the Depreciated Value of any Item of Equipment which has suffered a Casualty Occurrence, such Depreciated Value shall be computed on a daily basis to the date of the occurrence of such Casualty Occurrence.

6.4. So long as no Event of Default shall have occurred and be continuing, any money paid to the Manufacturer pursuant to this Section 6 shall, if the Railroad shall in writing so direct, be invested, pending its application as hereinabove provided, in (i) such direct obligations of the United States of America or any agency or instrumentality thereof, or other obligations for which the faith of the United States is pledged to provide for the payment of principal and interest or (ii) commercial paper

or finance company paper rated "A-1" or "P-1" or their equivalent by Standard & Poors Corporation or a comparable national rating agency or (iii) obligations issued or guaranteed by any state of the United States or the District of Columbia or any political subdivision of any such state or district rated "AA" or better by a national rating service, or (iv) repurchase agreements fully secured by any one or more of the obligations referred to in clause (i) above, or (v) certificates of deposit issued by or bankers' acceptances drawn on and accepted by commercial banks in the United States of America which are members of the Federal Reserve System having total assets aggregating at least \$200,000,000, in each case maturing in not more than one year from the date of such investment (all such investments being hereafter called "Investments"), as may be specified in such written direction. Any such obligations shall from time to time be sold and the proceeds reinvested in such Investments as the Railroad may in writing direct. Any interest or earned discount received by the Manufacturer on any Investments shall be held by the Manufacturer and applied as herein provided. Upon any sale or the maturity of any Investments, the proceeds thereof, plus interest received by the Manufacturer thereon, up to the cost (including accrued interest or earned discount) thereof, shall be held by the Manufacturer for application pursuant to this Section 6, and any excess shall be paid to the Railroad. If such proceeds (plus such interest or earned discount) shall be less than such cost, the Railroad will promptly pay to the Manufacturer an amount equal to such deficiency. The Railroad will pay all expenses incurred by the Manufacturer in connection with the purchase and sale of Investments.

6.5. The Railroad will cause any replacing Item to be plated or marked as provided in Section 5.1 hereof. Any and all such replacements of Equipment shall constitute accessions to the Equipment and shall be subject to all of the terms and conditions of this Agreement as though part of the original Equipment delivered hereunder and shall be included in the term "Equipment" as used in this Agreement. Title to all such replacements shall be free and clear of all liens and encumbrances and shall be taken initially and shall remain in the name of the Manufacturer subject to the provisions hereof, and the Railroad shall promptly execute, acknowledge, deliver, file and record all such documents (including the filing with the Interstate Commerce

Commission in accordance with applicable law and the deposit with the Registrar General of Canada pursuant to Section 86 of the Railway Act of Canada and publication of notice of such deposit in The Canada Gazette in accordance with said Section 86 of an appropriate supplemental agreement describing such replacements) and do any and all such acts as may be necessary to cause such replacements to come under and be subject to this Agreement and to protect the title of the Manufacturer to such replacements. All such replacements shall be warranted in like manner as the Items replaced, and the vendor of the replacements shall, if other than the Manufacturer, duly consent to the subjection thereof to this Agreement and agree to be bound by all the terms and provisions contained herein in respect of such replacements in the like manner as the Manufacturer is in respect of the original Equipment delivered hereunder.

6.6. Whenever the Railroad shall file with the Manufacturer, pursuant to the foregoing provisions of this Section 6, a written direction to apply money to or toward the cost of a replacing Item of new standard gauge (if applicable) railroad equipment or to release money to the Railroad against transfer of title to the Manufacturer of a replacing Item of used standard gauge (if applicable) railroad equipment, or whenever the Railroad shall transfer title to the Manufacturer of such a replacing Item of used standard gauge (if applicable) railroad equipment pursuant to Section 6.1, the Railroad shall file with the Manufacturer in such number of counterparts as may reasonably be requested:

(a) a certificate of a Vice President or Chief Accounting Officer of the Railroad, authorized to make such a certification, certifying: (i) if such replacing Item is a new, unused Item, that such Item is new standard gauge (if applicable) railroad equipment (other than passenger equipment) and has been plated or marked as required by the provisions of this Section 6 and certifying the cost of such replacing Item, the amount which such replacing Item would have cost if acquired on the earliest date when any such money was paid to the Manufacturer and that the cost thereof does not exceed the fair value of such Item and that such replacing Item has a quality and value and utility at least equal to the Item or Items replaced; and (ii) if such replacing Item is a used Item, that such Item is used standard

guage (if applicable) railroad equipment (other than passenger equipment) and has been plated and marked as required by the provisions of this Section 6 and certifying the Depreciated Value of such Item, as of the earliest date any such money was paid to the Manufacturer, and that such replacing Item is of the character required by the terms of clause (iii) of the first sentence of Section 6.2;

(b) an opinion of counsel for the Railroad that title to each replacing Item is vested in the Manufacturer free and clear of all liens and encumbrances, and that such Item has come under and become subject to this Agreement and the security interest of the Agent hereunder;

(c) a bill of sale in favor of the Manufacturer or its assignee covering such replacement Item from, if a new Item, the Manufacturer thereof or, if a used Item, the Railroad; and

(d) copies of financing statements filed in accordance with the Uniform Commercial Code where such replacing Item is not rolling stock.

6.7. In the event that any moneys paid to, or held by, the Manufacturer pursuant to this Section 6 are applied to the prepayment of indebtedness in respect of the Purchase Price, the Railroad will pay to the Manufacturer on the date of such application interest then accrued and unpaid on the indebtedness so prepaid.

If any Event of Default shall have occurred and be continuing, then so long as such Event of Default shall continue all money then held by the Manufacturer pursuant to this Section 6 shall be applied by the Manufacturer as if such money were money received upon the sale of Equipment pursuant to Section 16 hereof.

6.8. In order to facilitate the sale, or other disposition of any Equipment suffering a Casualty Occurrence, the Manufacturer shall upon request of the Railroad, provided the Railroad shall then be in compliance with the terms of this Section 6, execute and deliver to the Railroad or the Railroad's vendee, assignee or nominee, a bill of sale (without warranties) for such Equipment, and

such other documents as may be required to release such Equipment from the terms and scope of this Conditional Sale Agreement, in such form as may be reasonably requested by the Railroad.

6.9. In the event that prior to the expiration of the term of this Agreement, the use of any Item of Equipment is requisitioned or taken by any governmental authority under the power of eminent domain or otherwise for an indefinite period or for a stated period ending on or before said date, the Railroad's duty to pay the indebtedness in respect of the Purchase Price thereof shall continue for the duration of such requisitioning or taking. The Railroad shall be entitled to receive and retain for its own account all sums payable for any such period by such governmental authority as compensation for requisition or taking of possession.

6.10. The Railroad represents and warrants that not more than \$3,000,000 in aggregate Purchase Price of Items of Equipment under this Agreement and under the Other Agreement constitutes Equipment which is not operable on railroad tracks; and the Railroad agrees that no purchase of new Equipment or replacement of used Equipment under this Section 6 or Section 6 of the Other Agreement will at any time result in a greater proportion of all Equipment hereunder and under the Other Agreement (computed on the basis of Depreciated Value as of such time) constituting Equipment not operable on railroad tracks than the ratio of \$3,000,000 to \$75,589,000.

SECTION 7. TAXES.

All payments to be made by the Railroad hereunder will be free of expense to the Manufacturer for collection or other charges and will be free of expense to the Manufacturer in respect of the amount of any local, state or federal taxes, license and registration fees, assessments, charges, fines, penalties, sales, use and property taxes, gross receipts taxes arising out of receipts from use or operation of the Equipment, and other taxes, fees, and governmental charges similar or dissimilar to the foregoing (other than net income, excess profits and similar taxes) hereafter levied or imposed upon, or measured by, this Agreement or any sale, use, payment, shipment, delivery or transfer of title under the terms hereof, all of which

expenses, taxes and licenses the Railroad assumes and agrees to pay on demand in addition to the other amounts payable by it pursuant to this Agreement. The Railroad will also pay promptly all taxes and assessments which may be imposed upon the Equipment or for the use or operation thereof by the Railroad or upon the earnings arising therefrom or upon the Manufacturer solely by reason of its ownership thereof and will keep at all times all and every part of the Equipment free and clear of all taxes and assessments which might in any way affect the title of the Manufacturer or result in a lien upon any Item of Equipment; provided, however, that the Railroad shall be under no obligation to pay any taxes, assessments, licenses, charges, fines or penalties of any kind so long as it is contesting in good faith and by appropriate legal proceedings such taxes, assessments, licenses, charges, fines or penalties and the nonpayment thereof does not, in the opinion of the Manufacturer, adversely affect the property or rights of the Manufacturer hereunder. If any such expenses, taxes, assessments, licenses, charges, fines or penalties shall have been charged or levied against the Manufacturer directly and paid by the Manufacturer, the Railroad shall reimburse the Manufacturer on presentation of an invoice therefor; provided, however, that the Railroad shall not be obligated to reimburse the Manufacturer for any such expenses, taxes, assessments, licenses, charges, fines or penalties so paid unless the Manufacturer shall have submitted notice in writing to the Railroad at least one business day in advance of payment thereof.

SECTION 8. REPORTS AND INSPECTIONS.

8.1. On or before April 1 in each year, commencing with the year 1981, the Railroad will furnish to the Manufacturer an accurate statement, as of the preceding December 31, (a) showing the amount, description and road numbers (if applicable) of the Items of Equipment then subject to this Agreement, the amount, description and road numbers (if applicable) of all Items of Equipment that may have suffered a Casualty Occurrence during the preceding 12 months (or since the date of this Agreement, in the case of the first such statement), and such other information regarding the condition or repair of the Equipment as the Manufacturer may reasonably request, and (b) stating that, in the case of all Equipment repaired and repainted during

the period covered by such statement, the markings required by Section 5.1 hereof shall have been preserved or replaced.

8.2. In addition to the statements described in Section 8.1 above, the Railroad will furnish to the Manufacturer: (i) as soon as available and in any event within 120 days after the end of each fiscal year of the Railroad, a copy of the annual report for such year for the Railroad, containing financial statements for such year certified in a manner acceptable to the Manufacturer by independent public accountants acceptable to the Manufacturer; (ii) promptly after the sending or filing thereof, copies of all reports which the Railroad sends to any of its security holders, and copies of all reports and registration statements which the Railroad files with the Securities and Exchange Commission or any national securities exchange; (iii) as soon as possible and in any event within 30 days after a Casualty Occurrence, a statement showing the amount, description and road numbers (if applicable) of all Items of Equipment that suffered such Casualty Occurrence; and (iv) such other information respecting the condition or operations, financial or otherwise, of the Railroad as the Manufacturer may from time to time reasonably request.

8.3. The Manufacturer shall have the right, at its sole cost and expense by its authorized representative, to inspect the Equipment and the Railroad's records with respect thereto, at such times as shall be reasonably necessary to confirm to the Manufacturer the existence and proper maintenance thereof during the continuance of this Agreement.

SECTION 9. POSSESSION, USE AND MAINTENANCE.

9.1. The Railroad, so long as no Event of Default has occurred and is continuing under this Agreement, shall have absolute right, from and after delivery of the Equipment by the Manufacturer to the Railroad, to the possession of the Equipment and the use thereof upon the railroad lines owned or operated by it either alone or jointly with another and whether under lease or otherwise, or upon the railroad lines owned or operated by any railroad company controlled by or controlling the Railroad, or over which it has trackage rights, and the Equipment may also be used upon connecting and other railroads in the usual

interchange of traffic and lease to other railroads, from and after delivery of the Equipment by the Manufacturer to the Railroad; provided, however, that such use and lease shall be subject to all the terms and conditions of this Agreement and that the Railroad shall not assign or permit the assignment of any Item of Equipment to service involving the regular operation and maintenance thereof outside the continental United States. The Railroad agrees that it will not permit at any time more than 2% in aggregate Depreciated Value, as of such time, of the Items of Equipment hereunder and under the Other Agreement to be located in Mexico.

9.2. The Railroad shall use the Equipment only in the manner for which it was designed and intended and so as to subject it only to ordinary wear and tear. The Railroad shall, at its own cost and expense, maintain and keep the Equipment in good order, condition and repair, ordinary wear and tear excepted, suitable (if applicable) for use in interchange. The Railroad shall not modify any Item of Equipment without the written authority and approval of the Manufacturer which approval shall not be unreasonably withheld, provided that no such approval shall be necessary if and to the extent such modification is required by Section 11 hereof. Any parts (except communications, signal and automatic control equipment and devices having a similar use which are added to any Item of Equipment by the Railroad, the cost of which is not included in the Purchase Price of such Item and which are not required for the operation or use of such Item by the Interstate Commerce Commission, the Department of Transportation or any other regulatory body) installed or replacements made by the Railroad upon any Item of Equipment shall be considered accessions to such Item of Equipment and title thereto shall be immediately vested in the Manufacturer, without cost or expense to the Manufacturer.

SECTION 10. PROHIBITION AGAINST LIENS.

10.1. The Railroad will pay or satisfy and discharge any and all sums claimed by any party by, through or under the Railroad or its successors or assigns which, if unpaid, might become a lien or a charge upon any Item of Equipment equal or superior to the security title of the Manufacturer, and any liens, encumbrances or charges which might be levied against or imposed upon any Item of Equipment as a result of the failure of the Railroad to

perform or observe any of its covenants or agreements under this Agreement, but shall not be required to pay or discharge any such claim so long as the validity thereof shall be contested by the Railroad in good faith and by appropriate legal proceedings in any reasonable manner and the nonpayment thereof does not, in the opinion of the Manufacturer, adversely affect the property or rights of the Manufacturer hereunder.

10.2. The covenant of Section 10.1 will not be deemed breached by reason of liens for taxes, assessments or governmental charges or levies, in each case not due and delinquent, or undetermined or inchoate materialmen's or other liens arising in the ordinary course of business and mechanics', workmen's, repairmen's or other liens arising in the ordinary course of business and, in each case, not delinquent (such liens being herein called "permitted liens").

SECTION 11. COMPLIANCE WITH RULES, LAWS AND REGULATIONS.

During the term of this Agreement, the Railroad will comply in all respects with all laws of the jurisdictions in which its operations involving the Equipment may extend, with the Interchange Rules of the Association of American Railroads and with all rules of the United States Department of Transportation, the Interstate Commerce Commission, and any other legislative, executive, administrative or judicial body exercising any power or jurisdiction over the Equipment, to the extent that such laws and rules affect the operation or use of the Equipment; and in the event that such laws or rules require the alteration of the Equipment, the Railroad will conform therewith at its expense, and will maintain the same in proper condition for operation under such laws and rules; provided, however, that the Railroad may, in good faith, contest the validity or application of any such law or rule in any reasonable manner which does not, in the opinion of the Manufacturer, adversely affect the property or rights of the Manufacturer hereunder.

SECTION 12. INDEMNITIES.

12.1. The Railroad agrees to indemnify, protect and hold harmless the Manufacturer against all losses, damages, injuries, liabilities, claims and demands

whatsoever, regardless of the cause thereof, and expenses in connection therewith, including claims for strict liability in tort and counsel fees, arising out of retention by the Manufacturer of security title to the Equipment, or out of the use and operation thereof during the period when security title thereto remains in the Manufacturer. This covenant of indemnity shall continue in full force and effect notwithstanding payment in full of the aggregate amount of the Conditional Sale Indebtedness, together with interest thereon, and all other payments as herein provided, and the conveyance of the Equipment, as provided in Section 4.2 hereof, or the termination of this Agreement in any manner whatsoever; provided, that any assignee under Section 14 hereof shall receive the full benefit of this Section 12.1 notwithstanding the retention by the Manufacturer of its rights hereunder.

12.2. The Railroad, after delivery to and acceptance by the Railroad pursuant to Section 2.5 hereof of each Item of Equipment, will bear the risk of, and shall not be released from its obligations hereunder in the event of, any damage to or the destruction or loss of such Item of Equipment.

12.3. The Manufacturer hereby assigns to the Railroad and its respective successors and assigns, each and all of its rights against the manufacturer of each Item of Equipment to be sold by it insofar as such rights arise out of any or all warranties, express or implied, with respect to such Item of Equipment, and the Manufacturer hereby appoints and constitutes the Railroad its agent and attorney-in-fact during the term of this Agreement, so long as the Railroad is not in default hereunder, to assert and enforce, from time to time in the name and for the account of the Manufacturer and the Railroad, as their interests may appear, in all cases at the sole cost and expense of the Railroad, whatever claims and rights the Manufacturer may have against said manufacturer thereof upon said warranties; it being understood, however, that said assignment and appointment are not exclusive, that the Railroad shall not have the sole right to assert and enforce such claims and rights in respect of such warranties and that the Manufacturer has concurrently with such assignment and appointment, similarly assigned such claims and rights to the assignee of its right, title and interest under this Agreement and appointed such assignee its agent and

attorney-in-fact to assert and enforce such claims and rights for its benefit as well. THE ASSIGNMENT PROVIDED FOR IN THIS SECTION 12.3 IS EXPRESSLY IN LIEU OF, AND THE MANUFACTURER HEREBY EXPRESSLY DISCLAIMS ANY LIABILITY UNDER, ANY WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF THE MANUFACTURER, EXCEPT FOR ITS OBLIGATIONS HEREUNDER AS LIMITED HEREBY, AND THE MANUFACTURER DOES NOT ASSUME OR AUTHORIZE ANY PERSON TO ASSUME FOR IT ANY OTHER LIABILITY IN CONNECTION WITH THE DELIVERY OF THE EQUIPMENT. IN NO EVENT SHALL THE MANUFACTURER BE LIABLE FOR DAMAGES, INCLUDING, WITHOUT LIMITATION, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES OR COMMERCIAL LOSS.

SECTION 13. ASSIGNMENT OF PATENT INDEMNITIES.

13.1. The Manufacturer hereby assigns to the Railroad and its respective successors and assigns, each and all of its rights against the manufacturer of each Item of Equipment to be sold by it insofar as such rights arise out of any or all indemnities with respect to such Items of Equipment for violations of patents or similar rights, and the Manufacturer hereby appoints and constitutes the Railroad its agent and attorney-in-fact during the term of this Agreement so long as the Railroad is not in default hereunder, to assert and enforce as long as the Railroad is not in default hereunder, to assert and enforce, from time to time in the name and for the account of the Manufacturer and the Railroad, as their interests may appear, in all cases at the sole cost and expense of the Railroad, whatever claims and rights the Manufacturer may have against said manufacturer thereof upon said indemnities; it being understood, however, that said assignment and appointment are not exclusive, that the Railroad shall not have the sole right to assert and enforce such claims and rights in respect of such indemnities and that the Manufacturer has concurrently with such assignment and appointment, similarly assigned such claims and rights to the assignee of its right, title and interest under this Agreement and appointed such assignee its agent and attorney-in-fact to assert and enforce such claims and rights for its benefit as well.

SECTION 14. ASSIGNMENTS.

14.1. Except as otherwise provided in Section 9.1 hereof, the Railroad, to the extent that it may effectively do so under applicable law, covenants not to sell, assign, transfer or otherwise dispose of all or any of its rights under this Agreement or transfer the right to possession of any Item of Equipment without first obtaining the written consent of the Manufacturer. An assignment or transfer to a railroad company or other purchaser (including a successor corporation by consolidation or merger) which shall acquire all or substantially all the railroad lines of the Railroad, and which by execution of an appropriate instrument satisfactory to the Manufacturer shall assume and agree to perform each and all of the obligations and covenants of the Railroad hereunder, shall not be deemed a breach of this covenant. A lease of any or part of the Equipment to a subsidiary at least 80% directly or indirectly owned by the Railroad shall not be deemed to be a breach of this covenant, provided that the Railroad shall continue to be obligated under all the terms of this Agreement.

14.2. All or any of the rights, benefits and advantages of the Manufacturer under this Agreement, including the right to receive the payments herein provided to be made by the Railroad, may be assigned by the Manufacturer and reassigned by an assignee at any time or from time to time. No such assignment shall subject any assignee to, or relieve the Manufacturer from, any of the obligations of the Manufacturer to sell and deliver the Equipment in accordance with Sections 1 and 2.1 hereof, or relieve the Railroad of its obligations to the Manufacturer hereunder.

14.3. Upon any such assignment, either the assignor or the assignee shall give written notice to the Railroad, together with a counterpart or copy of such assignment, stating the identity and post office address of the assignee, and such assignee shall, by virtue of such assignment, acquire all of the Manufacturer's right, security title and interest in and to the Equipment subject only to such reservations as may be contained in such assignment. From and after the receipt by the Railroad of the notification of any such assignment, all payments and notices thereafter to be made by the Railroad hereunder shall, to the extent so assigned, be made to the assignee at

the address of the assignee specified in the aforesaid notice.

14.4. The Railroad hereby acknowledges that, concurrently with the execution and delivery of this Agreement and in accordance with the custom of railroad equipment manufacturers, the Railroad has made arrangements for and the Manufacturer is executing and delivering an Agreement and Assignment dated as of the date hereof (hereinafter called the "Assignment") between the Manufacturer and The Chase Manhattan Bank (National Association), as agent and assignee (hereinafter called the "Agent"), pursuant to which the Manufacturer is assigning certain of its respective rights and interests hereunder. The Railroad expressly acknowledges and agrees with the Agent and its successors and assigns, for the purpose of inducing the execution and delivery of the Assignment by the Agent and its advance to the Manufacturer in consideration therefor of an amount equal to the aggregate Purchase Price of the Equipment, that the rights of the Agent and its successors and assigns to the entire unpaid balance of the aggregate amount of the Conditional Sale Indebtedness, together with interest thereon, and all other payments as herein provided, or any part thereof as so assigned, as well as all other rights hereunder so assigned, shall not be subject to any defense, setoff, counterclaim or recoupment whatsoever, whether arising out of any breach of any obligation of any Manufacturer in respect of the Equipment or the manufacture, construction, delivery or warranty thereof or with respect to any indemnity herein contained or any interruption from whatsoever cause in the use, operation or possession of the Equipment or any part thereof, or by reason of any other indebtedness or liability, howsoever and whenever arising, at any time owing to the Railroad by the Manufacturer or to any other person, firm or corporation or to any governmental authority, or for any cause whatsoever, it being the intent hereof that, except in the case of an intentionally wrongful act on the part of the Agent or its successors and assigns, the Railroad shall be unconditionally and absolutely obligated to pay the Agent the entire unpaid balance of the aggregate amount of the Conditional Sale Indebtedness, together with interest thereon, and all other payments as herein provided, all in the manner and upon the dates set forth in Section 3 hereof. Any and all such obligations, if any and howsoever arising,

shall be and remain enforceable by the Railroad against and only against the Manufacturer.

14.5. In the event of any such assignment, or successive assignment, by the Manufacturer of security title to the Equipment and of the Manufacturer's rights hereunder with respect thereto, the Railroad will, whenever requested by such assignee, change the names and word or words to be marked on each side of each Item of Equipment so as to indicate the security title of such assignee to the Equipment with such names and word or words as shall be specified by such assignee, subject to the requirements of the laws of the jurisdictions in which the Equipment shall be operated relating to such names and word or words for use on equipment covered by conditional sale agreements with respect to railroad equipment. The cost of marking such names and word or words with respect to the Agent (or to any successor assignee of the Agent) shall be borne by the Railroad. The cost of marking such names and word or words in connection with any subsequent assignment (other than to a successor agent or trustee of the Agent) will be borne by the subsequent assignee.

14.6. In the event of any such assignment prior to the completion of delivery of the Equipment, the Railroad will, in connection with settlement for the Group subsequent to such assignment, deliver to the assignee, at the time of delivery by the Railroad of notice fixing the Closing Date with respect to such Group, all documents required by the terms of such assignment to be delivered to the assignee in connection with such settlement, in such number of counterparts as may reasonably be requested, except for any opinion of counsel for the assignee.

14.7. If this Agreement shall have been assigned by the Manufacturer (hereafter called the "Assigning Manufacturer"), and the assignee shall not, whether by reason of an insufficiency of funds or otherwise, make payment to the Assigning Manufacturer on the Closing Date with respect to any Item of Equipment manufactured by the Assigning Manufacturer and designated for settlement on such Closing Date of an amount equal to that portion of the Purchase Price of such Item of Equipment as provided in the instrument of assignment, the Assigning Manufacturer will promptly notify the Railroad of such event, such Item of Equipment shall be excluded from settlement on such Closing

Date but fully preserving the Assigning Manufacturer's security title to such Item in a manner acceptable to the Assigning Manufacturer and the Railroad shall not later than 60 days after such Closing Date pay or cause to be paid to the Assigning Manufacturer the Purchase Price of all such Items of Equipment, or the portion thereof unpaid by the assignee, such payment to be in cash, together with interest for the period from and including the Closing Date on which settlement was to have been made to but not including the deferred date of payment of the Purchase Price under this Section 14.7 at a rate per annum equal to the Prime Rate, or, if the Assigning Manufacturer and the Railroad shall mutually agree, by means of a conditional sale agreement, equipment trust or other appropriate method of financing as the Railroad shall determine and as may be reasonably satisfactory to the Assigning Manufacturer.

SECTION 15. APPLICATION OF PROVISIONS OF SECTION 16, "EVENTS OF DEFAULT", AND SECTION 17, "REMEDIES".

It is contemplated that the Manufacturer will assign certain of its rights under this Agreement, and all its respective right, security title and interest in and to the Equipment, to the Agent. It is desired by the parties hereto that the Agent should upon such assignment be entitled to enforce all of the assigned rights, powers, privileges and remedies of the Manufacturer under this Agreement, including but not limited to the enforcement of any remedies in case of an Event of Default under this Agreement.

SECTION 16. EVENTS OF DEFAULT.

16.1. In the event that any one or more of the following events of default ("Events of Default") shall occur and be continuing, to-wit:

(a) The Railroad shall fail to pay in full any sum payable by the Railroad when payment thereof shall be due under Section 3 or 6 hereof and such default shall continue for ten days; or

(b) The Railroad shall fail or refuse to comply with any covenant, agreement, term or provision of this

Agreement on its part to be kept and performed or to make provision satisfactory to the Manufacturer for such compliance for more than 30 days after written notice from the Manufacturer specifying the default and demanding the same to be remedied; or

(c) Any representation or warranty made by the Railroad herein or in any statement or certificate furnished to the Manufacturer or any assignee of the Manufacturer pursuant to or in connection with this Agreement or the Assignment proves untrue in any material respect as of the date of issuance or making thereof; or

(d) A case shall be commenced under subchapter IV of chapter 11 of Public Law 95-598, 11 U.S.C. §1161 et seq. (as said Law may be amended from time to time) by or against the Railroad and (unless such case shall within 30 days from the commencement thereof be dismissed, nullified, stayed or otherwise rendered ineffective, but then only so long as such stay shall continue in force or such ineffectiveness shall continue) either (i) the trustee or trustees in such proceeding, with the approval of the court having jurisdiction, shall not have agreed in writing, within the period specified in section 1168(a)(1) of said Law, to perform all obligations of the Railroad under this Agreement and with the court's approval confirmed that such obligations shall have the same status as obligations incurred by such trustee or trustees or (ii) any Event of Default (other than under this paragraph (d)) occurring prior to or at any time after the commencement of such case shall not have been duly cured within the respective period specified in section 1168(a)(2) of said Law; or

(e) Any other proceedings shall be commenced by or against the Railroad for any relief under any bankruptcy or insolvency laws, or laws relating to the relief of debtors, readjustments of indebtedness, reorganizations, arrangements, compositions or extensions (other than a law which does not permit any readjustment of the indebtedness payable hereunder) and (unless such proceedings shall have been dismissed, nullified, stayed or otherwise rendered ineffective but then only so long as such stay shall continue in force or such

ineffectiveness shall continue) all the obligations of the Railroad under this Agreement shall not have been duly assumed in writing, pursuant to a court order or decree, by trustee or trustees or receiver or receivers appointed for the Railroad or for the property of the Railroad in connection with any such proceedings in such manner that such obligations shall have the same status as obligations incurred by such trustee or trustees or receiver or receivers, within 30 days after such appointment or 60 days after such proceedings shall have been commenced, whichever shall be earlier; or

(f) The Railroad shall make or suffer any unauthorized assignment or transfer of this Agreement or any interest herein or any unauthorized transfer of the right to possession of any Item of Equipment; or

(g) An Event of Default as defined in the Other Agreement shall occur and be continuing;

then at any time after the occurrence and during the continuance of such an Event of Default the Manufacturer may, upon written notice to the Railroad and upon compliance with any legal requirements then in force and applicable to such action by the Manufacturer, declare the entire indebtedness in respect of the Purchase Price of the Equipment (including, without limitation, the entire unpaid balance of the aggregate amount of the Conditional Sale Indebtedness), together with the interest thereon then accrued and unpaid, and all other amounts payable by the Railroad under this Agreement, immediately due and payable, without further demand, and the Manufacturer shall thereupon be entitled to recover judgment for the entire unpaid balance of the indebtedness in respect of the Purchase Price of the Equipment so payable, with interest as aforesaid, and to collect such judgment out of any property of the Railroad wherever situated.

16.2. The Manufacturer may waive any such Event of Default and its consequences and rescind and annul any such declaration by notice to the Railroad in writing to that effect. Upon any such waiver the respective rights of the parties shall be as they would have been if no such Event of Default had existed and no such declaration had been made. Notwithstanding the provisions of this paragraph, it is expressly understood and agreed by the Railroad that time is

of the essence of this Agreement and that no such waiver, rescission or annulment shall extend to or affect any other or subsequent default or impair any rights or remedies consequent thereon.

SECTION 17. REMEDIES.

17.1. If an Event of Default shall have occurred and be continuing as hereinbefore provided, then at any time after the entire indebtedness in respect of the Purchase Price of the Equipment shall have been declared immediately due and payable as hereinbefore provided and during the continuance of such default, the Manufacturer may, upon such further notice, if any, as may be required for compliance with any mandatory requirements of law then in force and applicable to the action to be taken by the Manufacturer, take or cause to be taken by its agent or agents immediate possession of the Equipment, or any Item thereof, without liability to return to the Railroad any sums theretofore paid and free from all claims whatsoever, except as hereinafter in this Section 17 expressly provided, and may remove the same from possession and use of the Railroad and for such purpose may enter upon the premises of the Railroad or where the Equipment may be located and may use and employ in connection with such removal any supplies, services and aids and any available trackage and other facilities or means of the Railroad, with or without process of law.

17.2. In case the Manufacturer shall rightfully demand possession of the Equipment in pursuance of this Agreement and shall reasonably designate a point or points upon the lines of the Railroad for the delivery of the Equipment to the Manufacturer, the Railroad shall, at its own expense, forthwith and in the usual manner, cause the Equipment to be moved to such point or points as shall be reasonably designated by the Manufacturer and shall there deliver the Equipment or cause it to be delivered to the Manufacturer; and, at the option of the Manufacturer, the Manufacturer may keep the Equipment on any of the railroad lines or premises of the Railroad until the Manufacturer shall have leased, sold or otherwise disposed of the same, and for such purpose the Railroad agrees to furnish, without charge for rent or storage, the necessary facilities at any point or points selected by the Manufacturer reasonably convenient. The agreement to deliver the Equipment as

hereinbefore provided is of the essence of this Agreement between the parties, and, upon application to any court of equity having jurisdiction in the premises, the Manufacturer shall be entitled to a decree against the Railroad requiring specific performance hereof. The Railroad hereby expressly waives any and all claims against the Manufacturer and its agent or agents for damages of whatever nature in connection with any retaking of any Item of Equipment in any reasonable manner.

17.3. If an Event of Default shall have occurred and be continuing as hereinbefore provided, then at any time thereafter during the continuance of such Event of Default and after the entire indebtedness in respect of the Purchase Price of the Equipment shall have been declared immediately due and payable as hereinbefore provided (unless such declaration has been rescinded and annulled as provided in Section 16.2 hereof), the Manufacturer (after retaking possession of the Equipment as hereinbefore in this Section 17 provided) may at its election and upon such notice as is hereinafter set forth retain the Equipment in satisfaction of the entire unpaid indebtedness in respect of the Purchase Price thereof, together with interest thereon and all other payments due hereunder and make such disposition thereof as the Manufacturer shall deem fit. Written notice of the Manufacturer's election to retain the Equipment shall be given to the Railroad by telegram or registered mail, addressed as provided in Section 21 hereof, and to any other persons to whom the law may require notice, within 30 days after the indebtedness in respect of the Purchase Price of the Equipment shall have been declared immediately due and payable by the Manufacturer as above provided. In the event that the Manufacturer should elect to retain the Equipment and no objection is made thereto within the 30-day period described in the second proviso below, all of the Railroad's rights in the Equipment shall thereupon terminate and all payments made by the Railroad may be retained by the Manufacturer as compensation for the use of the Equipment; provided, however, that if the Railroad, before the expiration of the 30-day period described in the proviso below, should pay or cause to be paid to the Manufacturer the total unpaid balance of the indebtedness in respect of the Purchase Price of the Equipment (including, without limitation, the entire unpaid balance of the aggregate amount of the Conditional Sale Indebtedness), together with interest thereon accrued and unpaid and all other payments

due under this Agreement, then in such event absolute right to the possession of title to any property in the Equipment shall pass to and vest in the Railroad; provided, further, that if the Railroad or any other persons notified under the terms of this Section 17.3 object in writing to the Manufacturer within 30 days from the receipt of notice of the Manufacturer's election to retain the Equipment, then the Manufacturer may not so retain the Equipment, but shall sell, lease or otherwise dispose of it or continue to hold the Equipment pending sale, lease or other disposition as hereinafter provided or as may otherwise be permitted by law. If the Manufacturer shall not have given notice to retain as hereinabove provided or notice of intention to dispose of the Equipment in any other manner, it shall be deemed to have elected to sell the Equipment in accordance with the provisions of this Section 17.

17.4. Any sale hereunder may be held or conducted at such place or places and at such time or times as the Manufacturer may specify, in one lot and as an entirety, or in separate lots and without the necessity of gathering at the place of sale the property to be sold, and in general in such manner as the Manufacturer may determine, provided that the Railroad shall be given written notice of such sale not less than 30 days prior thereto, by mail addressed as provided herein. If such sale shall be a private sale, it shall be subject to the rights of the Railroad to purchase or provide a purchaser, within 30 days after notice of the proposed sale price, at the same price offered in writing by the intending purchaser or a better price. In the event that the Railroad does not exercise said right to purchase or provide a purchaser for the Equipment, the Manufacturer may bid for and become the purchaser of the Equipment, or any Item thereof, so offered for sale without accountability to the Railroad (except to the extent of surplus money received as hereinafter provided in this Section 17), and in payment of the Purchase Price therefor the Manufacturer shall be entitled to have credited on account thereof all sums due to the Manufacturer from the Railroad hereunder.

17.5. Each and every power and remedy hereby specifically given to the Manufacturer shall be in addition to every other power and remedy hereby specifically given or now or hereafter existing at law or in equity, and each and every power and remedy may be exercised from time to time and simultaneously and as often and in such order as may be

deemed expedient by the Manufacturer. All such powers and remedies shall be cumulative, and the exercise of one shall not be deemed a waiver of the right to exercise any other or others. No delay or omission of the Manufacturer in the exercise of any such power or remedy and no renewal or extension of any payments due hereunder shall impair any such power or remedy or shall be construed to be a waiver of any default or an acquiescence therein.

17.6. All sums of money realized by the Manufacturer under the remedies herein provided shall be applied, first to the payment of the expenses and liabilities of the Manufacturer herein undertaken to be paid, second to the payment of interest on the indebtedness in respect of the Purchase Price of the Equipment (including, without limitation, the Conditional Sale Indebtedness), third to the payment, ratably in accordance with the unpaid balance of each installment, of the installments of indebtedness in respect of the Purchase Price of the Equipment (including, without limitation, the Conditional Sale Indebtedness) accrued and unpaid and, fourth, to any unpaid commitment fee due hereunder. If, after applying as aforesaid all sums of money realized by the Manufacturer, there shall remain any amount due to it under the provisions of this Agreement, the Manufacturer may bring suit therefor and shall be entitled to recover a judgment therefor against the Railroad. If, after applying as aforesaid all sums realized by the Manufacturer, there shall remain a surplus in the possession of the Manufacturer, such surplus shall be paid without interest to the Railroad.

17.7. The Railroad will pay all reasonable expenses, including attorneys' fees, incurred by the Manufacturer in enforcing its remedies under the terms of this Agreement. In the event that the Manufacturer shall bring any suit to enforce any of its rights hereunder and shall be entitled to judgment, then in such suit the Manufacturer may recover reasonable expenses, including attorneys' fees and the amount thereof shall be included in such judgment.

17.8. The foregoing provisions of this Section are subject in all respects to all mandatory requirements of law at the time in force and applicable thereto.

SECTION 18. APPLICABLE STATE LAWS.

18.1. Any provision of this Agreement prohibited by any applicable law of any state, or which by any applicable law of any state would convert this Agreement into any instrument other than an agreement of conditional sale, shall not modify the remaining provisions of this Agreement. Where, however, the conflicting provisions of any applicable state law may be waived, they are hereby waived by the Railroad to the full extent permitted by law, to the end that this Agreement shall be deemed to be a conditional sale agreement and enforced as such.

18.2. Except as otherwise provided in this Agreement, the Railroad, to the full extent permitted by law, hereby waives all statutory or other legal requirements for any notice of any kind, notice of intention to take possession of or to sell the Equipment, or any Item thereof, and any other requirements as to the time, place and terms of sale thereof, and other requirements with respect to the enforcement of the Manufacturer's rights hereunder and any and all rights of redemption.

SECTION 19. EXTENSION NOT A WAIVER.

No delay or omission in the exercise of any power or remedy herein provided or otherwise available to the Manufacturer shall impair or affect the Manufacturer's right thereafter to exercise the same. Any extension of time for payment hereunder or other indulgence duly granted to the Railroad shall not otherwise alter or affect the Manufacturer's rights or the obligations of the Railroad hereunder. The Manufacturer's acceptance of any payment after it shall have become due hereunder shall not be deemed to alter or affect the Railroad's obligations or the Manufacturer's rights hereunder with respect to any subsequent payments or Events of Default.

SECTION 20. RECORDING.

The Railroad at its expense will cause this Agreement, any assignment hereof and any supplements hereto and thereto to be filed, recorded or deposited and re-filed, re-recorded or re-deposited, if necessary, with the

Interstate Commerce Commission and the Registrar General of Canada (with notice of such deposit to be published in The Canada Gazette in accordance with Section 86 of the Railway Act of Canada), and otherwise as may be required by law or reasonably requested by the Manufacturer (including, without limitation, in accordance with the laws of Mexico) for the purpose of proper protection, to the satisfaction of counsel for the Manufacturer, of its security title to the Equipment and its rights under this Agreement or for the purpose of carrying out the intention of this Agreement; and the Railroad will promptly furnish to the Manufacturer certificates or other evidences of such filing, recording or depositing, and an opinion or opinions of counsel for the Railroad with respect thereto, satisfactory to the Manufacturer.

SECTION 22. HEADINGS.

All section headings are inserted for convenience only and shall not affect the construction or interpretation of this Agreement.

SECTION 23. EFFECT AND MODIFICATION OF AGREEMENTS.

Except as provided in Section 3.1 hereof, this Agreement and the Schedules relating hereto exclusively and completely state the rights and agreements of the Manufacturer and the Railroad with respect to the Equipment and supersede all other agreements, oral or written, with respect to the Equipment. No variation of this Agreement and no waiver of any of its provisions or conditions shall be valid unless in writing and duly executed on behalf of the Manufacturer and the Railroad.

SECTION 24. LAW GOVERNING.

The terms of this Agreement and all rights and obligations hereunder shall be governed by the laws of the State of New York; provided, however, that the parties shall be entitled to all rights conferred by applicable federal law and such additional rights arising out of the filing, recording or depositing hereof and of any assignment hereof as shall be conferred by the laws of the several jurisdictions in which this Agreement or any assignment hereof shall be filed, recorded or deposited.

SECTION 25. DEFINITIONS.

The term "Manufacturer", whenever used in this Agreement, means, before any assignment of any of its rights hereunder, TPC and any successor or successors for the time being to the properties and business of TPC, and, after any such assignment, any assignee or assignees for the time being of such particular assigned rights as regards such rights, and also any assignor as regards any rights hereunder that are retained and excluded from any assignment. The rights and undertakings of the Manufacturer and the rights and obligations of the Railroad with respect to the Manufacturer hereunder are several and not joint.

SECTION 26. PAYMENT OF EXPENSES.

The Railroad will pay all stamp or other taxes and all reasonable costs and expenses incident to this Agreement, the Assignment and the first assignment of this Agreement, and any instrument supplemental or related thereto, including but not limited to all fees and expenses of the first assignee of this Agreement and of counsel for the first assignee of this Agreement and for any party acquiring interests in such first assignment, and all reasonable costs and expenses in connection with the transfer by any party of interests acquired in such first assignment. For the purposes of this Section 26, if the first assignee is the Agent, then any successor agent to the Agent shall also be considered the first assignee.

SECTION 27. CONSOLIDATION OR MERGER.

AGREEMENT AND ASSIGNMENT dated as of October 1, 1979 between TRANSPORTATION PRODUCTS COMPANY, an Illinois corporation (hereinafter called "TPC") (hereinafter called the "Manufacturer") and THE CHASE MANHATTAN BANK (NATIONAL ASSOCIATION), a national banking association organized under the laws of the United States of America, acting as Agent under a Finance Agreement dated as of the date hereof (hereinafter called the "Finance Agreement") (said bank so acting being hereinafter called the "Assignee").

WHEREAS, the Manufacturer and Burlington Northern Inc., a corporation duly organized and existing under the laws of the State of Delaware (hereinafter called the "Railroad"), have entered into a Conditional Sale Agreement, dated as of the date hereof (hereinafter called the "Conditional Sale Agreement"), covering the construction, sale and delivery, on the conditions therein set forth, by the Manufacturer and the purchase by the Railroad of the railroad equipment described in Schedules A and B to the Conditional Sale Agreement (said equipment being hereinafter called the "Equipment");

NOW, THEREFORE, THIS AGREEMENT WITNESSETH: That, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration paid by the Assignee to the Manufacturer, the receipt of which is hereby acknowledged, as well as of the mutual covenants herein contained:

SECTION 1. The Manufacturer hereby assigns, transfers and sets over unto the Assignee, its successors and assigns:

(a) All the right, security title and interest of the Manufacturer in and to the Equipment and each unit thereof to be sold by the Manufacturer when and as severally delivered and accepted and upon payment by the Assignee to the Manufacturer of the amounts required to be paid under Section 6 hereof with respect to such unit;

(b) All the right, title and interest of the Manufacturer in and to the Conditional Sale Agreement in respect of the Equipment to be sold by the Manufacturer thereunder (except the rights to deliver the Equipment to be sold by it and the right to receive the payments

specified in Sections 2.3 and 14.7 thereof and the right to reimbursement for taxes as provided in Section 7 of the Conditional Sale Agreement, and provided that the Manufacturer retains a right to indemnity as provided in Section 12.1 thereof notwithstanding assignment of such right hereunder), and in and to any and all amounts which may be or become due or owing to the Manufacturer under the Conditional Sale Agreement on account of the indebtedness in respect of the Purchase Price (as defined in the Conditional Sale Agreement) of the Equipment and interest thereon, and in and to any other sums becoming due from the Railroad under the Conditional Sale Agreement, other than those hereinabove excluded; and

(c) All of the Manufacturer's rights (except as herein provided), powers, privileges and remedies under the Conditional Sale Agreement (without any recourse, however, against the Manufacturer for or on account of the failure of the Railroad to make any of the payments provided for in, or otherwise to comply with, any of the provisions of the Conditional Sale Agreement); provided, however, that this Assignment shall not subject the Assignee to, or transfer, or pass, or in any way affect or modify, the obligations of the Manufacturer to cause to be sold by the Manufacturer in accordance with the Conditional Sale Agreement or relieve the Railroad from its obligations to the Manufacturer under the Conditional Sale Agreement, it being understood and agreed that, notwithstanding this Assignment, or any subsequent assignment pursuant to the provisions of Section 14 of the Conditional Sale Agreement, all obligations of the Manufacturer to the Railroad in respect of the Equipment shall be and remain enforceable by the Railroad, its successors and assigns, against and only against the Manufacturer. In furtherance of the foregoing assignment and transfer, the Manufacturer hereby authorizes and empowers the Assignee in the Assignee's own name, in the name of the Assignee's nominee, or in the name of and as attorney, hereby irrevocably constituted, for the Manufacturer to ask, demand, sue for, collect, receive and enforce any and all sums to which the Assignee is or may become entitled under this Assignment and compliance by the Railroad with the terms and agreements on its part to be performed under the Conditional Sale Agreement, but at

the expense and liability and for the sole benefit of the Assignee.

The Manufacturer agrees that any amount payable to the Manufacturer by the Railroad, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien or charge on any of the units of Equipment.

SECTION 2. The Manufacturer covenants and agrees that it will cause the Equipment to be sold by the Manufacturer under the Conditional Sale Agreement to be constructed in full accordance with the Conditional Sale Agreement and will deliver the same upon completion to the Railroad in accordance with the provisions of the Conditional Sale Agreement; and that, notwithstanding this Assignment, it will perform and fully comply with each and all of the covenants and conditions to the Conditional Sale Agreement set forth to be performed and complied with by the Manufacturer. The Manufacturer further covenants and agrees that it will warrant to the Assignee and the Railroad that at the time of delivery of each unit of the Equipment to be sold by the Manufacturer it had legal title to such unit and good and lawful right to sell such unit and the title to such unit was free of all claims, security interests, liens and encumbrances of any nature except only the rights of the Railroad under the Conditional Sale Agreement; and the Manufacturer further covenants and agrees that it will defend such title against all claims and demands whatsoever. The Manufacturer will not deliver any of the Equipment to be sold by the Manufacturer to the Railroad until the filings and recordations referred to in Section 20 of the Conditional Sale Agreement have been effected.

SECTION 3. The Manufacturer covenants and agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any amount which may be due or owing by the Railroad on account of its indebtedness in respect of the aggregate Purchase Price of the Equipment and interest thereon, and any other sums becoming due under the Conditional Sale Agreement, or to enforce any provision of the Conditional Sale Agreement, the Manufacturer will save, indemnify, defend and keep harmless the Assignee from and against all expense, loss or damage suffered by reason of any defense,

setoff, counterclaim or recoupment whatsoever of the Railroad arising out of a breach by the Manufacturer of any obligation in respect of the Equipment, or the delivery or warranty thereof, or under Sections 12 and 13 of, or Schedules A or B to, the Conditional Sale Agreement, or by reason of any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Railroad by the Manufacturer. Any and all such obligations shall be and remain enforceable by the Railroad against and only against the Manufacturer and shall not be enforceable against the Assignee or any party or parties in whom security title to the Equipment, or any unit thereof, or any of the rights of the Manufacturer under the Conditional Sale Agreement shall vest by reason of this Assignment or of successive assignments or transfers. The Manufacturer shall have no liability under the foregoing provisions of this Section 3 unless (a) the Assignee, in any such suit, proceeding or action by the Assignee, hereinabove described, promptly moves or takes other appropriate action on the basis of Section 14.4 of the Conditional Sale Agreement, to strike any such defense, setoff, counterclaim or recoupment asserted by the Railroad, and the court or other body having jurisdiction in such suit, proceeding or action denies such motion or other action and accepts such defense, setoff, counterclaim or recoupment as a triable issue in such suit, proceeding or action, and (b) upon any such denial and acceptance, the Assignee promptly notifies the Manufacturer of any such defense, setoff, counterclaim or recoupment asserted by the Railroad and the Manufacturer is given the right by the Assignee to compromise, settle or defend against, at its expense, such defense, setoff, counterclaim or recoupment.

SECTION 4. The Manufacturer will cause to be plainly, distinctly, permanently and conspicuously marked on each side of each unit of the Equipment, to be sold by the Manufacturer, at the time of delivery thereof to the Railroad, in letters not less than one inch in height, the following legend:

UNIT SUBJECT TO SECURITY INTEREST OF
THE AGENT BANK UNDER CONDITIONAL SALE
AGREEMENT RECORDED WITH THE I.C.C.

SECTION 5. Upon request of the Assignee, its successors and assigns, the Manufacturer will execute any and all instruments which may be necessary or proper in order to discharge of record the Conditional Sale Agreement or any other instrument evidencing any interest of the Manufacturer therein or in the Equipment.

SECTION 6. Subject to timely receipt by the Assignee of funds sufficient for the purpose, the Assignee, on each Closing Date as provided in Section 3 of the Conditional Sale Agreement with respect to a Group of Equipment (as defined in said Section 3) or as otherwise hereinafter set forth, shall pay to the Manufacturer an amount equal to the Purchase Price of the units of Equipment, provided that there shall have been delivered to the Assignee, as provided in the Conditional Sale Agreement, the following documents, in such number of counterparts or copies as may reasonably be requested, in form and substance satisfactory to it and to the special counsel for the Agent hereinafter mentioned:

(b) Bill or Bills of Sale from the Manufacturer to the Assignee dated as of such Closing Date and in the form of Schedule 2 hereto, transferring to the Assignee security title to the units of Equipment in the Group and warranting to the Assignee and to the Railroad that at the time of delivery thereof to the Railroad under the Conditional Sale Agreement the Manufacturer had legal title to such units and good and lawful right to sell such units, and title to such units was free of all claims, security interests, liens and encumbrances of

any nature except only the rights of the Railroad under the Conditional Sale Agreement;

(e) Opinion of counsel for the Railroad, dated as of a date within 21 days after the date of execution and delivery of the Conditional Sale Agreement and this Assignment and substantially in the form of Schedule 4 hereto, to the effect that (i) the Railroad is a duly organized and existing corporation in good standing under the laws of Delaware, its state of incorporation, and has the power and authority to own its properties and to carry on its business as now conducted, (ii) the Conditional Sale Agreement has been duly authorized, executed and delivered by the Railroad and is a valid instrument binding upon and enforceable against the Railroad in accordance with its terms, (iii) the execution, delivery and performance by the Railroad of the Conditional Sale Agreement do not violate any provision of any law, any order of any court or governmental agency, the Restated Certificate of Incorporation or By-Laws of the Railroad, or any indenture, agreement or other instrument to which the Railroad is a party or by which it, or any of its property, is bound, and will not be in conflict with,

result in the breach of, or constitute (with due notice or lapse of time, or both) a default under, any such indenture, agreement or other instrument, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Railroad, (iv) no approval of the Interstate Commerce Commission or any other governmental authority is necessary for the execution, delivery and performance of the Conditional Sale Agreement or this Assignment, or, if any authority is necessary, that it has been duly obtained and is in full force and effect, (v) the Conditional Sale Agreement and this Assignment have been duly filed and recorded in accordance with Section 20 of the Conditional Sale Agreement, (vi) that the Equipment is rolling stock under 11 U.S.C. §1168 and the Assignee is entitled to the rights of a secured party with a purchase-money equipment security interest in the Equipment thereunder, (vii) that the Equipment consists of railroad cars, locomotives or other rolling stock used or intended for use in connection with interstate commerce as required by 49 U.S.C. §11303, and (viii) that upon delivery of each unit of Equipment to the Railroad and payment of its purchase price, the Assignee shall have a duly perfected purchase-money equipment security interest therein;

(f) In respect of the date (hereinafter called the "Initial Closing") of execution and delivery of the Conditional Sale Agreement and this Assignment an opinion of counsel for the Manufacturer, dated as of such date and substantially in the form of Schedule 5 hereto, stating that (i) the Manufacturer is a duly organized and existing corporation in good standing under the laws of the state of its incorporation and has the power and authority to own its properties and to carry on its business as now conducted, (ii) the Conditional Sale Agreement has been duly authorized, executed and delivered by the Manufacturer and is a valid instrument binding upon and enforceable against the Manufacturer in accordance with its terms, (iii) the execution, delivery and performance by the Manufacturer of the Conditional Sale Agreement do not violate any provision of any law, any order of any court or governmental agency, the Restated Certificate of Incorporation or By-Laws of the Manufacturer, or any

indenture, agreement or other instrument to which the Manufacturer is a party or by which it, or any of its property, is bound, and will not be in conflict with, result in the breach of, or constitute (with due notice or lapse of time, or both) a default under, any such indenture, agreement or other instrument, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Manufacturer, (iv) no approval of the Interstate Commerce Commission or any other governmental authority is necessary for the execution, delivery and performance of the Conditional Sale Agreement or this Assignment, or, if any authority is necessary, that it has been duly obtained and is in full force and effect, (v) this Assignment has been duly authorized, executed and delivered by the Manufacturer and is a valid instrument binding upon and enforceable against the Manufacturer in accordance with its terms, and (vi) the Assignee is vested with all the right, title and interest of the Manufacturer in and to the Conditional Sale Agreement purported to be assigned to the Assignee by this Assignment; and in respect of each Closing Date, an opinion of counsel for the Manufacturer of the Equipment in such Group, dated as of such Closing Date and substantially in the form of Schedule 6 hereto, reaffirming the opinion of such counsel delivered in respect of the initial Closing Date and stating that security title to the units of Equipment in such Group is validly vested in the Assignee, and that such units, at the time of delivery thereof to the Railroad under the Conditional Sale Agreement, were free of all claims, security interests, liens and encumbrances except only the rights of the Railroad under the Conditional Sale Agreement;

(g) In respect of the Initial Closing the opinion of Milbank, Tweed, Hadley & McCloy as to the due authorization, execution and delivery by (i) the Railroad and the Manufacturer of the Conditional Sale Agreement and (ii) the Manufacturer of this Assignment and the validity and binding nature as regards (x) the Railroad and the Manufacturer of the Conditional Sale Agreement and (y) the Manufacturer of this Assignment. For purposes of such opinion such counsel may rely (other than as to matters of New York or U.S. Federal law) upon the opinion of counsel for the Railroad and

for the Manufacturer, respectively, referred to above (and upon any opinions referred to in said opinion);

(h) In respect of each Closing Date an opinion of counsel for the manufacturer of the units of Equipment in the Group addressed to the Manufacturer and substantially in the form of Schedule 7 hereto, to the effect that the Bills of Sale referred to in clause (a) above, have been duly authorized, executed and delivered by said manufacturer and said Bills of Sale are valid and effective to transfer, and do transfer, good title to such Items to the Manufacturer, free and clear of all claims, security interests liens and encumbrances of any nature except only the right of said manufacturer to receive payment of its invoice price for such Items;

(j) In respect of each Closing Date a certificate of a Vice President of the Railroad dated the date of such Closing Date and in the form of Schedule 11 hereto; and

(k) A letter agreement from the manufacturer of the units of Equipment in the Group pursuant to which said manufacturer warrants to the Assignee that such units will be free from defects in material or workmanship under normal use and service and indemnifies the Assignee and the Railroad against claims or liabilities based on patent infringements, all in form customarily provided by manufacturers of railroad

equipment and reasonably satisfactory to the Assignee, the Railroad and the Investors.

In giving the opinions specified in subparagraphs (e), (f), (g) and (h) of the first paragraph of this Section 6, counsel may qualify any opinion to the effect that any agreement is enforceable in accordance with its terms by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally. In giving the opinion specified in the subparagraphs (e) and (f) of the first paragraph of this Section 6, counsel may rely as to the title to the units of Equipment upon the opinion of counsel for the manufacturer thereof. Any opinion delivered hereunder after the Closing Date relating to the initial settlement for Equipment under this Section 6 may state that counsel signing such opinion reaffirms any statement contained in any opinion of the same counsel theretofore delivered hereunder without repeating the substance of such earlier opinion.

The obligation of the Assignee hereunder to make payments on each Closing Date is hereby expressly conditioned upon the prior receipt by the Assignee, as provided in the Finance Agreement, of all the funds to be furnished to the Assignee by the various parties to the Finance Agreement with respect to such Closing Date, or, if any of such parties default in furnishing such funds, the prior receipt by the Assignee from the Railroad of such funds as provided in the Finance Agreement; and, in the event of failure of any such party to furnish any such funds with respect thereto, such Closing Date shall be postponed for four business days. To the extent that the Railroad shall pay or cause to be paid to the Assignee, in accordance with the Finance Agreement, any amount or amounts on account of the Purchase Price of the Equipment to be settled for on such Closing Date, the Railroad shall be relieved of its indebtedness in respect of the Purchase Price of the Equipment under Section 3.3 of the Conditional Sale Agreement to the extent of the amount or amounts so paid by the Railroad. By any such payment, however, the Railroad shall not acquire any rights under this Assignment. If the Assignee fails to pay the Manufacturer any amount required to be paid with respect to any unit of Equipment pursuant to this Section 6 at the time herein specified, then any right,

title and interest in and to such unit, to the extent of such amount, including any right, title and interest under the Conditional Sale Agreement with respect to such unit, to the extent of such amount, which has been assigned, transferred or set over to the Assignee by the Manufacturer, shall automatically, and without further action on the part of the Assignee, be reassigned, transferred and set over back to the Manufacturer by the Assignee.

It is understood and agreed that the Assignee shall not be required to make (i) any payment in respect of any units of the Equipment excluded from the Conditional Sale Agreement pursuant to Section 2 thereof or (ii) any payment under this Section 6 at any time while an Event of Default, or any event which with the lapse of time and/or notice provided for in the Conditional Sale Agreement shall constitute an Event of Default, shall be subsisting under the Conditional Sale Agreement. It is also understood and agreed that, anything herein to the contrary notwithstanding, the Assignee hereunder shall not be obligated to make payment to the Manufacturer except out of funds furnished to it pursuant to the Finance Agreement.

SECTION 7. The Assignee may assign all or any of its rights under the Conditional Sale Agreement, including the right to receive any payment due or to become due to it from the Railroad thereunder. In the event of any such assignment, any such subsequent or successive assignee or assignees shall, to the extent of such assignment, enjoy all the rights and privileges and be subject to all the obligations of the Assignee hereunder. The address of the Assignee for purposes of notices and payments is 1 Chase Manhattan Plaza, New York, New York 10081, Attention: Land Transportation Division or such other address as the Assignee shall have furnished in writing to the Railroad.

SECTION 8. The Manufacturer hereby:

(a) represents and warrants to the Assignee, its successors and assigns, that the Conditional Sale Agreement was duly authorized by it and lawfully executed and delivered by it for a valid consideration, and that assuming valid authorization, execution and delivery by the Railroad, the Conditional Sale Agreement is, in so far as the Manufacturer is concerned, a valid and existing agreement binding upon the Manufacturer and

the Railroad in accordance with its terms and that it is now in force without amendment thereto; and

(b) covenants and agrees that it will from time to time and at all times, at the request of the Assignee or its successors or assigns, make, execute and deliver all such further instruments of assignment, transfer and assurance and do such further acts and things as may be necessary and appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, titles and interests hereby assigned and transferred to the Assignee or intended so to be.

SECTION 9. This Assignment may be executed in any number of counterparts, all of which together shall constitute a single instrument. It shall not be necessary that any counterpart be signed by all of the parties so long as at least one counterpart is signed by each party hereto. The Assignee agrees to deliver one of such counterparts, or a certified copy thereof, to the Railroad. Although this Assignment is dated for convenience as of October 1, 1979, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgements hereto annexed.

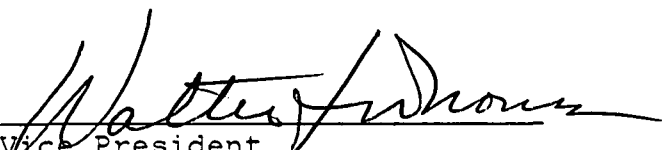

SECTION 10. The terms of this Assignment and the rights and obligations hereunder shall be governed by the laws of the State of New York; provided, however, that the parties shall be entitled to all rights conferred by applicable federal law and such additional rights arising out of the filing, recording or depositing of the Conditional Sale Agreement and this Assignment, as shall be conferred by the laws of the several jurisdictions in which the Conditional Sale Agreement or this Assignment shall be filed, recorded or deposited.

IN WITNESS WHEREOF, the parties hereto, each pursuant to due corporate authority, have caused this instrument to be executed in their respective corporate names by duly authorized officers, or representatives, and their respective corporate seals to be hereunto affixed and duly attested, all as of the date first above written.

Dear Sirs:

As attorney for Burlington Northern Inc. (hereinafter called the "Railroad"), I have examined and am familiar with (a) the Restated Certificate of Incorporation and By-laws of the Railroad; (b) the Conditional Sale Agreement dated as of October 1, 1979 (hereinafter called the "Conditional Sale Agreement"), between Transportation Products Company and the Railroad covering railroad equipment therein referred to; (c) the Agreement and Assignment dated as of October 1, 1979 between Transportation Products Company and you as Agent for the Investors under a Finance Agreement dated as of October 1, 1979; and (d) all corporate and other proceedings taken by the Railroad in connection with the execution and delivery of the Conditional Sale Agreement.

I have also examined originals, or copies certified or otherwise identified to my satisfaction, or such other documents and instruments as I have deemed necessary or appropriate for the purposes of this opinion.

As attorney for the Railroad, I am of the opinion that:

(i) The Railroad is a duly organized and validly existing corporation in good standing under the laws of the State of Delaware, its state of incorporation, and has the

power and authority to own its properties and to carry on its business as now conducted and is duly qualified to do business as a foreign corporation in all states where the character of its properties or the nature of its activities makes such qualification necessary;

(ii) The Conditional Sale Agreement has been duly authorized, executed and delivered by the Railroad and is a valid and binding instrument enforceable against the Railroad in accordance with its terms (subject, as to the enforcement of remedies, to applicable bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally from time to time in effect);

(iii) The execution and delivery and performance by the Railroad of the Conditional Sale Agreement do not violate any provision of any law, any order of any court or governmental agency, the Restated Certificate of Incorporation or By-Laws of the Railroad, or any indenture, agreement, or other instrument to which the Railroad is a party or by which it, or any of its property is bound, and will not be in conflict with, result in the breach of, or constitute (with due notice or lapse of time, or both) a default under, any such indenture, agreement or other instrument, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Railroad;

(iv) No approval of the Interstate Commerce Commission or any other governmental authority is necessary for the execution, delivery and performance of the Conditional Sale Agreement or the Agreement and Assignment;

(v) The Conditional Sale Agreement and the Agreement and Assignment have been duly filed and recorded with the Interstate Commerce Commission in accordance with Section 11303 of the Interstate Commerce Act and have been duly deposited with the Registrar General of Canada pursuant to Section 86 of the Railway Act of Canada (with notice of such deposit published in the Canada Gazette on November , 1979 in accordance with Section 86 of the Railway Act of Canada), the security interest created by said instruments has been duly perfected and is subject to no prior lien,

security interest or encumbrance and no other filing, recordation, depositing, giving of notice, refiling, rerecording, redepositing or regiving of notice is necessary for the protection of the rights of the Agent in any State of the United States of America or to make said instruments valid against all persons under Canadian law;

(vi) The Equipment is rolling stock under 11 U.S.C. §1168 and the Assignee is entitled to the rights of a secured party with a purchase-money equipment security interest in the Equipment thereunder;

(vii) The Equipment consists of railroad cars, locomotives or other rolling stock used or intended for use in connection with interstate commerce as required by 49 U.S.C. §11303; and

(viii) Upon delivery of each unit of Equipment to the Railroad and payment of its purchase price, the Assignee shall have a duly perfected purchase-money equipment security interest therein.

Very truly yours,
